

Programmiersprachen 2020 - Gruppe 05

This repository contains the source code of the following assignments:

| # | Project | Language | Responsible |
|---|-------------|----------|-------------------------|
| 1 | Calculator | Rust | Maximilian Schoenenberg |
| 2 | Interpreter | Python | Daniel Fangl |
| 3 | Editor | Haskell | Raphael Ludwig |

Each project comes with its own README.md file that contains a short description on how the program can be executed, a short description on the architecture and important design decisions as well as a test protocol.
